What do you know about the elves?

Two cartoon elves are shown in a square frame. They are both wearing pointed hats and simple tunics. They are standing on either side of a large, round, barrel-like object. The elf on the left is holding a mallet and appears to be striking the object. The elf on the right is holding a small tool or stick, possibly a chisel or a brush, and is looking at the object. The object has some decorative patterns on it.
