Tooth Template

card stock

Practice It!

Use the tracer to cut a tooth out using black or brown paper.

Use a toothbrush or q-tip and white paint to practice the brushing motion.

Name: _____

What Does the Tooth Fairy Do With All The Teeth?

Preview

Science Time!

We will do an **experiment**.

We will need **three hard
boiled eggs**.

We will put one in some **milk**.

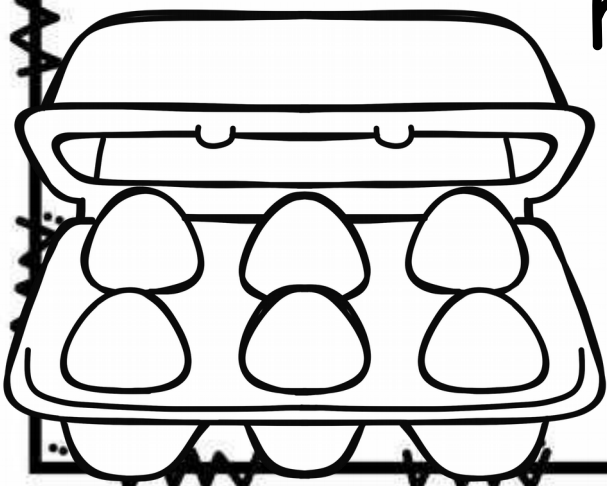

We will put one in some
water.

We will put one in some **cola**.

We will make **predictions**
about what will happen.

We will **observe** the eggs
over time.

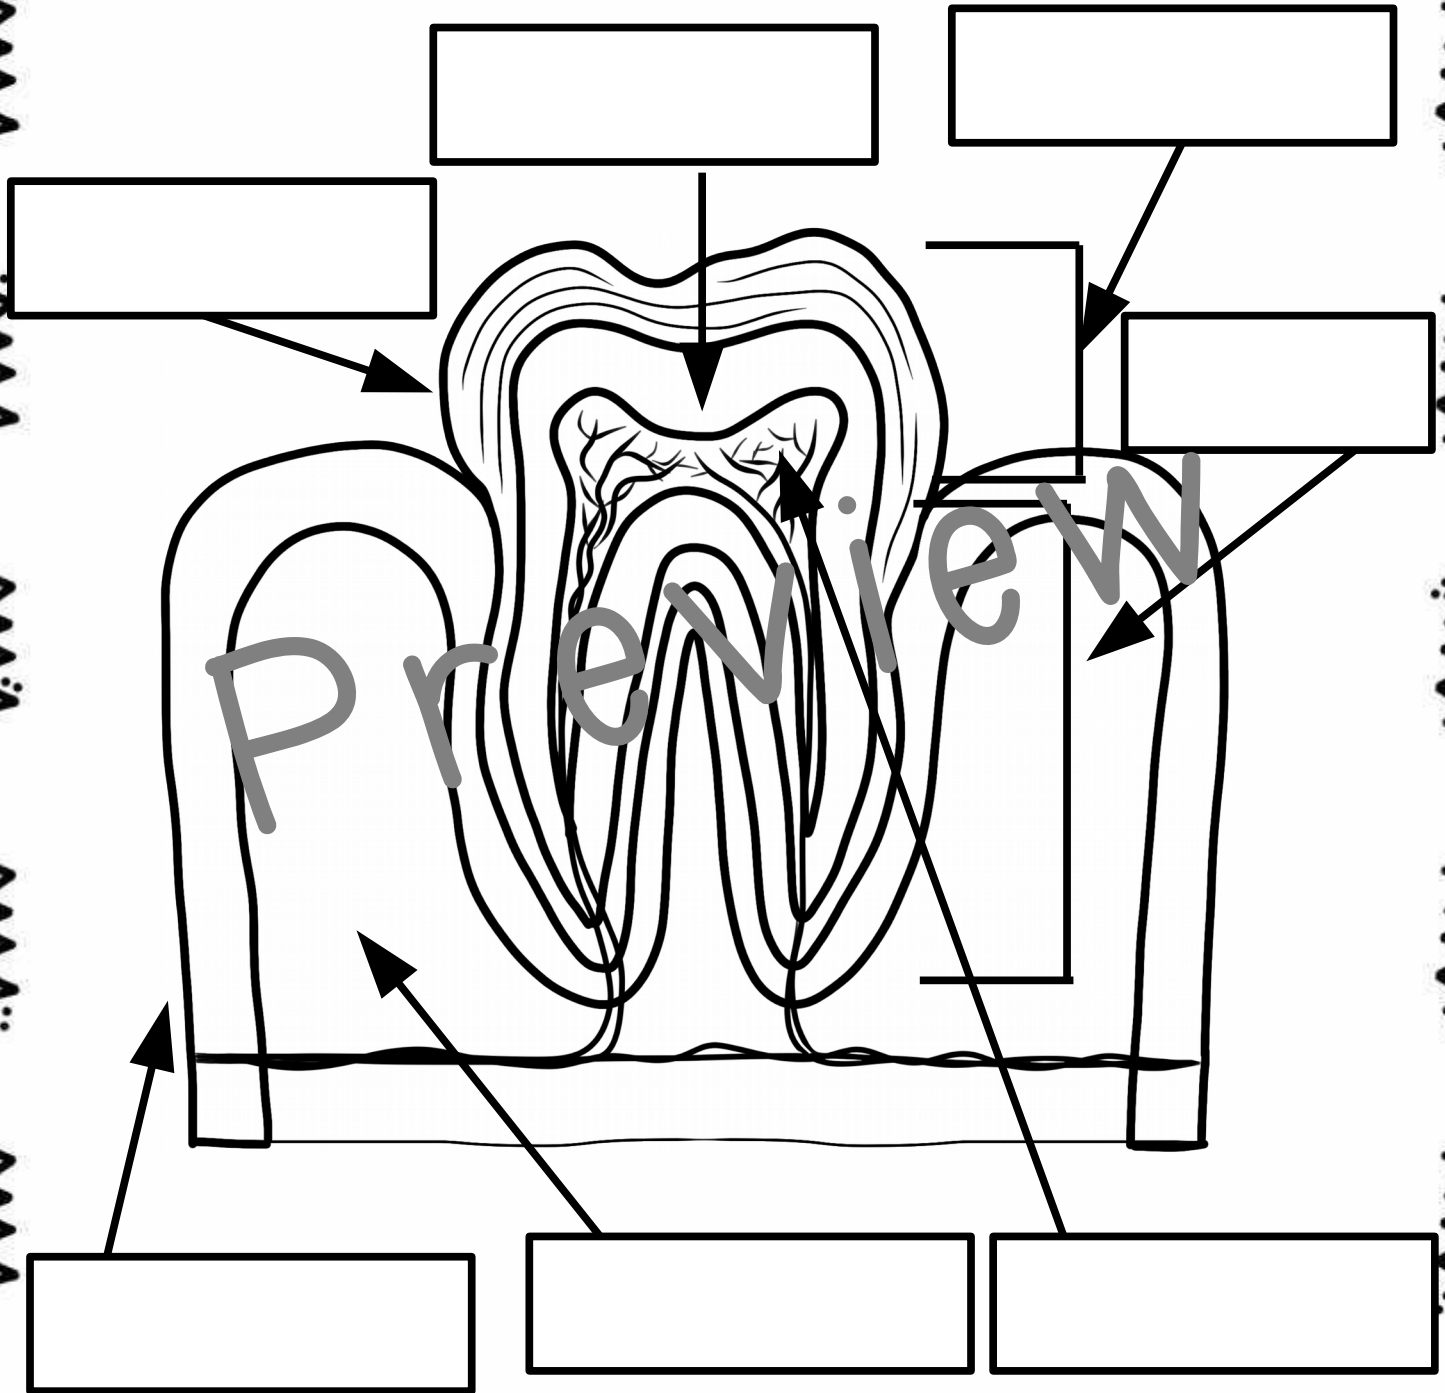

We will **connect** this
experiment to **dental
health**.

Name: _____

Label It!

I can use the words below to label the tooth.

gum

crown

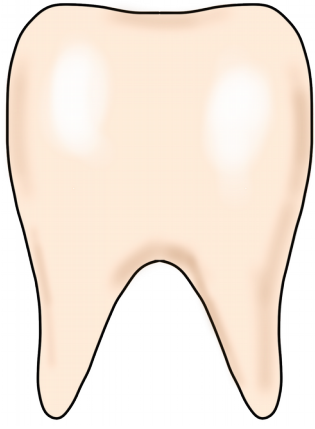

bone

root

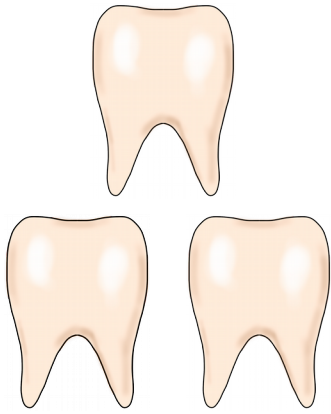

enamel

pulp

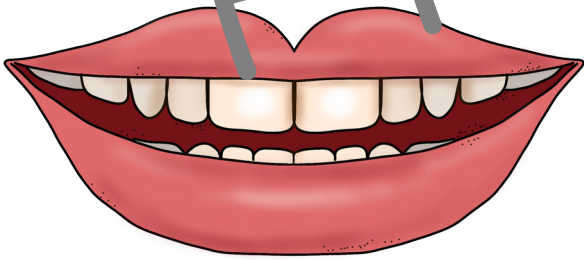

dentin
